

LA SALLE'S FATEFUL SHIPWRECK

Learning Objectives: Students will:

1. understand the significance of the exploration of La Salle on Texas history
2. use the skills of search to find information on La Salle's expedition
3. create a new game using the information about La Salle

TEKS: SS 4.2 (A), 4.2 (B)

Materials Needed: internet access, index cards, Scavenger Hunt sheet (Handout 1), markers for Bingo game

Vocabulary: archeology, exploration, expedition, excavate

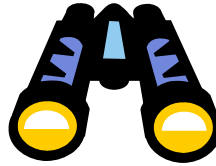

Teaching Strategy:

1. Introduce lesson by asking students what they think about space exploration – why it is necessary, what are the benefits, risks.
2. Review the exploration of Texas by La Salle by reading from text or library book.
3. Explain to students that they are going to go on a Scavenger Hunt to find more information about La Salle and his famous ship, La Belle, which archeologists have found and excavated portions of.
4. Divide the class into groups of three. Each group will try to be the first to locate all the information asked for on the Scavenger Hunt sheet. (attached)
5. Allow time for students to locate the information from online sources or books. Possible sources include: www.thc.state.tx.us/belle , <http://www.caller2.com/newsarch/lasalle1.htm> and www.texasbeyondhistory.net/belle.
6. Using the information they have discovered, students will create a bingo game, writing the answers on index cards, and listing the clues on notebook paper.
7. Teacher will collect all bingo cards and clues and compile a class game for the students to play on another day.
8. To play the Bingo game, distribute 19 cards per student. They should arrange them randomly, forming five rows across and four down, with a free space in the center. Give every student enough markers (beans, M&M's, etc.) for their cards.
9. As the teacher reads the clues, students will mark their responses. The first student to "bingo" will be awarded a small prize.

G/T Extension:

Students will create a want ad, soliciting people to join La Salle's expedition. Students should use persuasive language to try to convince fellow explorers to join the group.
