3. Give students individual copies of the Social Studies Brain Teasers Attachment, show the brain teasers to the class on an overhead transparency, or give students an individual brain teaser to solve each day.
4. Tell students that all of the brain teasers are familiar terms/phrases, words, people, or places that have something to do with history, government, or geography.
5. Review the correct answers with students after they have completed the brain teaser(s).

Extension for Gifted and Talented: Have students create their brain teasers related to other concepts and/or content. Duplicate copies of the new brain teasers for everyone in the class to solve.
